May 23, 2022

To all our Members,

I am excited to share a major milestone with you. This fall, we will be opening a new full-service branch office. ***It will be located in the Antler View development, near 183<sup>rd</sup> and W. Maple Road.***

This branch expansion initiative will provide us the opportunity to:

- Invest more in our community,
- Grow membership,
- Provide service convenience, and
- Advance the use of technology

I hope you've had a chance to benefit from the expanded online and mobile banking services that were recently released.

Our focus this year is to add financial tools that provide value to you—and we're making great strides!

Coming soon will be the addition of a free resource that enables you to view and interactively manage your credit. And on the horizon, a new financial education platform.

The team here is working hard to deliver the best credit union experience possible—because the most important investment we can make is in you, strengthening the bond that connects us. We are 73 years strong, proud of our roots and thankful for the privilege to serve you. Let's keep building to the future.

We look forward to seeing you at Antler View this fall.

Kevin Straub  
CEO  
Mutual 1<sup>st</sup> Federal Credit Union
